Enrollment & Waiting List Procedures

Applications are considered on a first come first served basis, however, current families have priority. **Once this application is received, your child(ren) will be added to our waiting list.** When space becomes available, we will contact you so that we may schedule a school visit to meet with you in person, meet your child and discuss the program. If it is determined through review of application and discussion that we can meet the needs of your child & family then you will receive a stack of enrollment documents. When we have received all of your paperwork and made financial arrangements your child will be considered enrolled.

Program Payment Information*

Invoices will be sent out towards the end of each month and

Tuition will be due by the first of each month, prior to care

There is a one-time materials fee that will be due along with your first payment

Materials Fees are collected at the beginning of each school year for each student so that we can stock up on much needed school supplies, groceries, and craft materials.

* We have done everything in our power to make tuition & material fees as reasonable as we can while sustaining the school. We are dedicated to making our programs available to all interested families regardless of financial circumstance. With that in mind, there are a few financial aid & scholarship options available and we are happy to explore these with you.

Check here if you would like more information about available financial aid & scholarship options. _____
